FIRST and FOREMOST, how are you and the family? FINE I hope. I hope that this letter finds you in best of health.

AS you can see, I have enclosed a AFFIDAVIT on behalf of your BROTHER VERNON Bateman. I pray and hope that this will help start the process of getting him out, of prison. I have lived with with this lie for 20 yrs - LIKE I've said before, I am willing to do anything possible to Get your brother out of this mess that was made up by myself and Det. Mary BANKS.

So here we're today - I am praying that we can get this ball rolling as soon as possible because this lie has BEEN going on for too long. Well at this current time I will depart from this letter.

Respectfully
J. R. R.
